

# LIFEGROUP DISCUSSION NOTES

1. Think about how you managed your money this year. What would you like to do differently next year?
2. How well do you document your expenses so that you know where your money is going? What influenced you to document your expenses the way you do?
3. Do you think it's ok to go into debt to get a college degree?
4. Do you think there is a connection between integrity and financial freedom?
5. If you're married, does the way you handle your money help you and your spouse determine and prioritize your family goals?
